Ms. Margie Sollinger  
Georgetown University Law Center  
600 New Jersey Avenue, NW, Suite 312  
Washington, DC 20001-2075

Dear Ms. Sollinger:

Thank you for your letter of February 23 petitioning the Federal Highway Administration to issue a rule defining "flashing, moving, or intermittent light or lights." In light of the scope and complexity of your request, completion of a final response will take some time. We will respond as soon as possible and appreciate your patience. We do not believe that a moratorium on the erection and maintenance of electronic changeable message signs is warranted in the meantime.

For your reference, we have assigned control number 100224-003 to your correspondence.

Sincerely,

Victor M. Mendez  
Administrator
