Missouri

The National Scenic Byways Program

The National Scenic Byways Program, established by Congress in 1991, recognizes historic, scenic and culturally important roads, all of which promote economic development and tourism in communities around the U.S. The Missouri Byways Program is a part of the National program consisting of All-American roads as well as National and State Scenic Byways. The program was established under the Intermodal Surface Transportation Efficiency Act (ISTEA) in 1991. The Missouri Byways Program was established by the Missouri state legislature in Chapter 226, Section 797. In Missouri, there are 2 National Scenic Byways and 9 State Scenic Byways. The Missouri Byways Program Guide includes information about the benefits of the byways program.

Key points:
- Missouri is home to 11 Scenic Byways, including 2 National Scenic Byways and 9 State Scenic Byways.
- The Crowley Ridge Parkway is home to unique animal and plant species, and highlights Missouri’s unique history.
- The Great River Road runs along the Mississippi River across 10 states and was conceived in 1938.
- A recent National Scenic Byway Foundation survey showed that 44 state scenic byways in 24 states are prepared to seek designation as a National Scenic Byway.

The Crowley’s Ridge Parkway offers an array of wildlife and plant communities along the Crowley Ridge. Countered by stunning views along the hills which make their way through both natural and historical sites.
