Photographs that have been significantly enhanced or altered will not be accepted in this contest. Minor changes to an image, including spotting, dodging and burning, sharpening, contrast adjustment, and slight color change are acceptable, as are high dynamic range (HDR) adjustments and stitched panoramas. Images that, in the sole judgment of Scenic America, violate these enhancement/alteration criteria will be disqualified.

Judging:

A panel of judges including media and design professionals, along with Scenic America leadership and staff, will judge the entries.

Images will be judged on their representation of scenic beauty, originality, technical excellence, composition, overall impact, and artistic merit. The judges will follow these guidelines:

- Images should represent locations in the U.S., including Washington, D.C. and the territories that are publicly accessible. Submissions should be taken relatively recently so that they are representative of the location as it currently appears.
- Images should represent vistas, scenic areas, townscapes, or panoramas. Close-ups and interior shots will not be accepted.
- While we invite you to include people in your shots, please avoid any close-up portraits or immediately recognizable images. Please also avoid any trademarked products or logos in your photos.

Scenic America will determine winner eligibility in its sole and absolute discretion. All decisions by judges are final. The photo contest is not open to staff or board members of Scenic America.

The judges will select one winner per category as well as an overall Best in Show. Scenic America may also recognize runners up, honorable mentions, or other prizes in any or all categories. Scenic America will also facilitate a Fan Favorite contest among category winners and other select standout entries on social media. Scenic America

intends to notify all winners by October 15, 2022, but reserves the right to alter this timeline if needed.
